

Matthew Sherwood

Director

BSc (Hons) MSc MRTPI

matthew.sherwood@quod.com

Areas of expertise

Matthew is a chartered town planner with over 15 years experience in the private and public sectors. He has been involved in a wide range of planning and infrastructure projects including proposals for the Shell Centre at Waterloo, a new nuclear power station at Hinkley Point C and legacy developments on the Queen Elizabeth Olympic Park. He is responsible for coordinating large design and consultant teams and submitting major and strategic planning applications as well as advising on Local Plan Examinations.

Key experience

Shell Centre, Waterloo, Lambeth – Matthew led the submission of the planning application and coordinated the project team for the comprehensive redevelopment of the Shell Centre, Waterloo, one of the most significant and complex regeneration opportunities in London.

North Quay, Canary Wharf – Matthew is managing the planning submission of a major mixed-use redevelopment scheme for the North Quay site at Canary Wharf. Adjacent to the Canary Wharf Crossrail Station it will deliver a significant number of new jobs and homes, transforming this part of the Canary Wharf estate.

New London Bridge House: Upper Tribunal (Lands Chamber) Providing planning support and advice on behalf of Network Rail. Drafting Expert Report and preparing planning documents for mediation.

Tottenham Hale – Lead consultant for planning application to transform Tottenham Hale into a new District Centre providing over 1,000 new homes, retail, office and health centre uses as well as a new town square.

Chobham Manor, Queen Elizabeth Olympic Park – Matthew is leading the planning submissions to bring forward the first residential neighborhood (Chobham Manor) at the Queen
