sean.bashforth@quod.com

Areas of expertise

Sean is an accomplished project manager responsible mainly for large, infrastructure and mixed use proposals. He focuses on providing advice for Developers and Operators with particular areas of expertise in strategic planning policy, environmental impact assessment, airport planning and retail planning, including complex mixed-use town centre proposals. Recent project experience includes coordinating major planning applications and acting as an expert witness on a number of occasions.

Key experience

London City Airport – Lead consultant and expert witness at Planning and CPO inquiries for detailed purposes for new terminals and infrastructure.

Shell Centre, Waterloo – Planning advisor for leading team on behalf of the Canary Wharf Group and Qatari Diar for the redevelopment of the Shell Centre to provide 8 buildings ranging from 5 to 37 storeys including up to 877 homes.

North Quay Canary Wharf – Lead consultant for major mixed use scheme including 158,000m² of offices and 1,423 homes.

Olympic Legacy (Delancey and Lend Lease) – Lead consultant for the preparation and coordination of planning applications for East Village at Stratford, East London.

Heathrow Airport – Planning advisers for the Third Runway proposals which include major new infrastructure, relocation of existing land-uses, roads, water courses and will involve compulsory acquisition.

Olympics CPO – Retained expert witness for compensation cases at Lands Tribunal, including Section 17 applications and appeals.

Bacton Low Rise – expert witness for CPO of leasehold interests in housing regeneration project.
