

DHL

Nottinghamshire

Role

Quod are advising DHL on the development of land at Manton Wood, near Worksop in Nottinghamshire. A reserved matters application was submitted in March 2019 for approximately 50,000 sq m of flexible employment floorspace in Phase 1, with further applications for Phases 2 and 3 to follow in due course.

The proposed Phase 1 unit will provide a bespoke facility designed to meet DHL's operational needs both now, and into the future – with the wider site providing an opportunity to establish a strategic DHL regional campus.

Please contact Sue Willcox or James Guthrie with any queries regarding this project.
