

Victoria Mason

Consultant

BSc (Hons) Geography, MSc Sustainability and Consultancy

Victoria.mason@quod.com

Areas of expertise

Victoria joined Quod's Environmental Planning Team in September 2021 as an Assistant Consultant. Victoria will assist in the co-ordination of Environmental Impact Assessments and she will be working on a variety of built environment projects across the UK.

Victoria is particularly interested in Digital EIA, having conducted research into Digital EIA for her MSc research project.

Key Experience

Land to the North of Bell Plantation, Towcester – Provided support in the co-ordination of the EIA for the hybrid planning application being submitted to West Northamptonshire Council for the development of up to 91,137 sqm of employment floorspace.

Brighton Gasworks - Provided support in the co-ordination of the EIA for the detailed planning application being submitted to Brighton & Hove City Council for the development of 552 residential units with associated non-residential flood space and amenity space.
