

A Quod profile

Lauren Clark

Planner

BA Geography & Urban Planning, AssocRTPI

lauren.clark@quod.com

Areas of expertise

Lauren has completed an undergraduate degree in Geography and Urban Planning at the University of Liverpool, which has provided her with a good understanding of the planning system.

Since joining Quod, Lauren has worked on a wide range of projects including large-scale residential-led and mixed-use projects, with a primary focus in London and the south-east of England.

Lauren has conducted research and policy analysis to help advise senior colleagues and clients. She has also contributed to the drafting of key planning documents for submission, which includes planning statements, site appraisals, cover letters and non-material amendment applications, which has enabled her to develop her knowledge of the planning system.

Key experience

Bow Common Gasworks – Lauren assisted with the preparation and submission of a Section 73 application and also NMA applications to amend the originally consented scheme for a residential led mixed-use regeneration of Bow Common Gasworks.

Beckton Gasworks – Lauren has provided planning assistance to the wider team with the preparation and submission of an outline application for over 3,000 homes, along with commercial floorspace and open space on a riverside location.

Former Bromley Civic Centre- Lauren has been closely involved in the preparation and submission of a detailed planning application and Listed Building Consent for the former Bromley Civic Centre, which will deliver 225 residential units, alongside commercial floorspace and the retention of the Grade II Listed building
