

A Quod profile

Victoria Lynn

Assistant Environmental Consultant

LLB Law, MSc Sustainability and Consultancy
(Distinction), GradISEP

Victoria.Lynn@quod.com

Areas of expertise

Victoria joined Quod in November 2024 as an Assistant Consultant, following the successful completion of a 10-week internship at Quod as part of her MSc in Sustainability and Consultancy at the University of Leeds. She currently supports the team throughout all stages of the Environmental Impact Assessment process, including screening, scoping, and the preparation of environmental assessments, across a diverse range of projects. She is involved in research, data analysis, report writing and works underneath the guidance of senior consultants to contribute to the team's wide variety of projects. Her experience includes working on residential, industrial, and mixed-use developments.

Key experience

Water Circle - Coordinated the Environmental Impact Assessment and drafted deliverables for a c.40,000sqm industrial development submitted in outline to Uttlesford District Council.

Post Office Car Park, Harlow - Drafted and coordinated an EIA Screening request for a new residential led development providing 169 new homes, across two blocks in Harlow.

Romford Gasworks - Coordinated the EIA and drafted deliverables for a c.18,000 sqm industrial-led redevelopment of a former gasworks site.
